

Mgmt 230: Introductory Statistics
In-class Exercise: Describing Data

Work in groups of up to four people and answer the questions that follow. Every time you use a formula, write the formula first, then the formula with the numbers plugged in.

By signing below, you agree that the following work represents the efforts of everyone in the group, and you are willing to accept as your own grade for the group project the grade earned from this representation of your group's work. Every member must agree to these terms to earn a non-zero grade for this assignment.
