

BUS 230: Business and Economics Research and Communication
Final Oral Presentation Schedule
Instructor: James Murray

Below is the BUS 230 final presentation schedule for the final week of classes, December 9 - December 11. For the final week of classes, you are only required to attend the one hour (the entire hour) that your group is presenting.

Monday presentations take place in our regular classroom, Room 1309 Centennial. Since this is a huge lecture hall, but there will only be about 20 of us, please everyone sit on the side near the speaker, and in the first three rows.

Please note that Wednesday presentations take place in Room 31 Wing (in the Basement).

All presentations will be video recorded for purposes of grading and assessment of student learning. This is true for all instructors of current sections of BUS 230. These videos will be kept confidentially, in the same manner as any other school work you submit to your instructors for grading, such as your final papers.
